# The 5th Kongsu Future Education Forum & International Joint Conference on Information, Media and Engineering (IJCIME2022)

"第五届孔苏未来教育论坛"
暨
"2022年信息媒介工程国际学术会议"

Meeting time:
December 2-4, 2022

Conference Introduction

"The 5th Kongsu Future Education Forum" and "International Joint Conference on Information, Media and Engineering (IJCIME2022)" will focus on the theme of "Digital Transformation and Future Education". Focusing on the transformation and reconstruction of traditional teaching paradigms promoted by intelligent education, the high quality development of education assisted by artificial intelligence, the education quality evaluation supported by big data, and the application mode of educational robot teaching, combined with Kongsu's educational thought, and discusses hot topics and innovative practices such as the deep integration of culture, education and technology, and the inheritance and innovation of education in the context of intelligent education, so as to jointly depict a new vision of future education in the era of digital transformation.

Main Forum

Host: Ning Yang (Fujian Normal University, China)

Opening Speech
2022/12/3 Beijing Time 08:30-08:45

- **Shaogang Zhang** (First Vice President of China Educational Technology Association, China)
- **Weiyi Wang** (Fujian Normal University, China)

Keynote Speech
2022/12/3 Beijing Time 08:45-10:15

- **Xiaoliu Zhong** (Tsinghua University, China)
  -*Hotspots and Trend of China's Education Informatization*
- **Xun Ge** (University of Oklahoma, USA)
  -*Socially and Culturally Situated Learner Experience Design, Technology & Research*
- **Akiko Nakazawa** (The University of Tokyo, Japan)
  -*Classroom Practices for Increasing Student Engagement: A Focus on Professional Development*

Round Table for Journals

Host: Juhong Christie Liu (James Madison University, USA)

2022/12/3 Beijing Time 10:15-11:30

- **Dr. Jill Stefaniak** (Chief Editor - Journal of Applied Instructional Design, University of Georgia, USA)
  -*Trends, Topics, and Methodology in Applied Instructional Design*
- **Dr. Chuck Hodges** (Chief Editor - TechTrends, Georgia Southern University, USA)
  -*Trends, Topics, and Methodology in EdTech*
- **Dr. Jun (Scott) CHEN HSIEH** (Executive Editor - International Journal of Distance Education Technologies. Asia University, Taiwan, China)
  -*Trends, Topics and Methodology in IJDET*
- **Dr. Xun Ge** (Co-Editor - Interdisciplinary Journal of Problem-based Learning, University of Oklahoma, USA)
  -*Trends, Topics and Methodology in Problem-based Learning Research*

Host: Peiyao Su (Fujian Normal University, China)

2022/12/3 Beijing Time 11:30-12:20

- **Lizhen Jiao** (Modern Educational Technology, China)
  -*Trends, Topics, and Methodology in MET*
- **Rong Zhang** (E-education Research, China)
  -*Trends, Topics, and Methodology in E-education Research*
- **Xuan Liu** (Modern Distance Education Research, China)
  -*Trends, Topics, and Methodology in MDER*
- **Baolin Ye** (Modern Distance Education, China)
  -*Trends, Topics, and Methodology in E-education Research*
- **Lingqing Song** (China Educational Technology)
  -*Trends, Topics, and Methodology in CET*

Presentation Session

- **Session I** 2022/12/3 Beijing Time 14:00-17:00
- **Session II** 2022/12/3 Beijing Time 14:00-17:00
- **Session III** 2022/12/3 Beijing Time 14:00-17:00
- **Session IV** 2022/12/3 Beijing Time 14:00-17:00

Closing Speech

Host: Zhe Li (Fujian Normal University, China)

2022/12/3 Beijing Time 17:00-18:00)

- **Weizhi Tan** (Qufu Normal University, China)
  -*Philosophical Reflection on Man Machine Relationship in the Digital Transformation of Education*
- **Shuqiang Song** (Tsinghua University, China)
  -*Closing Speech*

Directed by	CAET (China Education Technology Association)
Organized by	School of Education, Fujian Normal University
Co-organizers	Modern Education Technology Magazine of Tsinghua University International Joint of Osaka University & Northeast Normal University IMERI (Information, Media and Engineering Research Institute)
